Community Involvement

One of the purposes of the community involvement requirement is to develop strong ties between the students and their community, fostering valuable and long-term relationships. Students who are taking courses **only** through Ontario Virtual School and are not enrolled in any other school or program will be required to submit their record of community involvement if they have not yet completed the required 40 hours. Please see the list below of approved activities:

Activities approved:

- Fundraising for non-profit organizations
- Coaching or assisting sports at the community level
- Activities through religious affiliations such as helping at sales, bazaars, etc.
- Assisting seniors with chores
- Involvement in community committees, food banks, fairs, etc.
- Participation in environment projects such as a recycling projects, etc

OVS is also required to provide students with a record keeping form they will need to track and log the community involvement hours, which once complete will be kept in the student's OSR. Students are responsible for fulfilling this requirement on their own time. [Click here](#) for the form to record community service hours. Please contact the Principal of Ontario Virtual School if you have any further questions regarding community involvement as a prerequisite for the OSSD. If a student is unsure whether their intended community activity will satisfy the requirements, students and parents are requested to forward the notification of planned community involvement activity to the Principal prior to commencing. Completion of Community Involvement Activities Form

This form must be submitted annually or at the completion of the arranged community service program. Please forward to the office of Ontario Virtual School. Once received, the information will be placed and logged in the student's Ontario Student Record folder. Once the mandated 40 hours have been completed and documented, the Ontario Student Transcript will reflect its completion.
