

Ontario Virtual School

Community Involvement Hours

One of the purposes of the community involvement requirement is to develop strong ties between the students and their community, fostering valuable and long-term relationships. In order to receive the Ontario Secondary School Diploma, students must complete a minimum of 40 hours of community involvement. Students are responsible for fulfilling this requirement on their own time.

Full-time OVS students whose Ontario Student Record is maintained by our office will be required to submit record of community involvement for any hours not yet filed at a previous day school. OVS will provide full-time students with a record keeping form that can be used to track and log community hours. This form will be kept in the OSR, once completed.

Here is a list of approved activities:

- Fundraising for non-profit organizations
- Coaching or assisting sports at the community level
- Activities through religious affiliations such as helping at church sales, bazaars, etc.
- Assisting seniors with chores without monetary compensation
- Involvement in community committees, food banks, fairs, etc.
- Participation in environmental projects, such as a recycling project, etc.

Please contact admin@ontariovirtualschool.ca if you have any further questions regarding community involvement, or if you are unsure whether your intended activity meets the criteria.

Completion of Community Involvement Activities Form

This form must be submitted annually or upon completion of the arranged community service program.

Please forward to admin@ontariovirtuelschool.ca. Once received, the information will be logged in the student's OSR.

When 40 hours have been documented, the Ontario Student Transcript will reflect the completion of this diploma requirement.
